**COMMUNITY RENEWABLE SOLUTIONS LLC
MOTION FOR PARTY STATUS**

Community Renewable Solutions LLC (“CRS”) respectfully requests party status in this proceeding in accordance with Section 1.4 of the California Public Utilities Commission (“Commission”) Rules of Practice and Procedure.

CRS is a consultancy and law firm focused on community-scale renewables policy and project development. We have represented a number of intervenors at the Commission in various proceedings over the last decade, as well as developer clients working on solar, wind, electric vehicle charging and battery storage projects on interconnection, permitting, financial analysis, and power sales issues.

CRS is requesting party status in order to submit a motion to correct a key issue preventing wind power projects from participating in the REMAT program. We do not plan to participate in any other aspect of this proceeding at this time.
